## While on the Journey...

"June means weddings in everyone's Lexicon—weddings in Swedish; weddings in Mexican...Ladies grow loony, the gentlemen loonier; this year's June is next year's Junior." —or so wrote Ogden Nash.

June is the time for weddings! And though each one is unique, I find that many of the couples want to hear the same scripture: I Corinthians 13.

A lot of people call it 'the love chapter.' "Love is patient; love is kind," it says. "It is not envious or boastful, arrogant or

rude. It does not insist on its own way; it is not irritable or resentful; it does not rejoice in wrongdoing, but rejoices in the truth. It bears all things, believes all things, hopes all things, endures all things. Love never ends."

Yes, they are the perfect words for a wedding, but that's not what they were written for. They were written for all of the family of God. Wouldn't it change the tenor of our churches, our homes, our communities and our world if the family of God were as devoted to each other as a bride and groom on their wedding day? What could we accomplish and how would we value ourselves and each other if we simply vowed to love God's family and God's world using these words every day?

This is a church that has the distinction of being a place of great welcome and love. As we reach

inward in strength and encouragement of each other, and together reach out in new and vibrant ways to God's children beyond our walls, may we each continue to explore not how God is calling and empowering others, and where they excel or fall short, but look deep inside at our own call and commitment.

God help us to not fall prey to focusing on what we cannot do or where we have missed the mark, but on the grace, the forgiveness, the empowerment and the courage that compels us to live—and love—as the people of God.

Grace and peace,

*Phyllis*

## From the Music Desk...

~Happiness Is The Lord

Ira F. Stanphill was born in Belview, New Mexico, in 1914. He has written more than 550 songs, the most popular of which are "Mansion over the Hilltop," "Room at the Cross," and, of course, "Happiness Is the Lord."

On any number of occasions the Lord has given a song to a songwriter when he or she least expected it. Such was the case of Ira Stanphill one afternoon in 1974 after he left the church office where he was pastor in Fort Worth, Texas. The car radio was on, and as he rode along he listened to some commercial programs. Some were sponsored by establishments

that advertised their happy hour and their alcoholic beverages. He also heard cigarettes being advertised in terms of how they bring happiness. The word happiness was used several times in the ads. Ira related to me that he thought at the time that happiness does not come with these things, but with knowing Christ. He continued, As this thought really took over my mind I began to sing. I sang a new song, composing words and melody as I drove along. I sang it almost as it is published today. —Lindsay Terry

## HUMM

It's sneaking up on you! What, you ask? Why it's the HUMM's Garage Sale in August. What's the hurry? Well, the HUMM wants you to have enough time to pick out your good stuff (or your not so good stuff) that you might want to donate for disposal. Plan ahead and remember, haste makes waste and waste is hard to sell. Thanks for all you have done for us in past years. Gary Gibbs

## UMW News

15 members of the Rebecca Circle enjoyed a delicious meal and a tour at Grassland Estates. Pamphlets were brought back if anyone is interested.

We made approximately \$400.00 on the craft show.

The Door is Open: United Methodist Women come in all shapes and sizes, ages, experiences, economic statuses and theological backgrounds. We have different opinions, world-views and ideas. We are in the

kitchen, in the dirt, in the newspapers and in the halls of government. We are in, of and for, the church. We are unintentional marginalizers. We are marginalized. We are brave and afraid. We see creativity of God's creation and know that heaven cannot be homogenous.

Our diversity is strength when it doesn't divide us. Our differences solve problems when they don't cause them. There are many ways to reach out. There are different ways to hold hands. "Dominator culture has tried to keep us all afraid, to

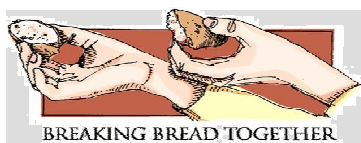

make us choose safety instead of risk, sameness instead of diversity. Moving through that fear, finding out what connects us, reveling in our differences; this is the process that brings us closer, that gives us a world of shared values, of meaningful community."

United Methodist Women are united in faith, in hope and in love to make this world a better place for all.

# UMCOR: United Methodist Committee on Relief

**Fill the truck at Annual Conference!** A semi will be there June 10-11 to accept donations.

**Needed Items:** Treadle sewing machines, cloth diapers, receiving blankets, and any of the UMCOR kits listed online: bedding kits, sewing kits, school kits, birthing kits, cleaning buckets, health kits and more.

**HOW TO PACKAGE AND LABEL KITS:** PLEASE, no sacks! More than 3-4 kits or 7-8 bulk items should be in labeled boxes, not bags. Mark each box, or print a summary list and tape to the outside, telling of contents of each box. Partially filled boxes (not sealed) are welcome so single kits from other churches can be added.

**HOW TO HANDLE THE MONEY:** For each kit, UMCOR asks for a one dollar donation to assist in shipping to places of need, or approx. \$15-\$20 for boxes of bulk materials. Do not put cash in a kit or box, but convert to check, payable to MMDC.

**Tornados Hit Baxter Springs, KS:** In less than two weeks much has been accomplished in Baxter Springs, KS following the April 27 tornado. Damage to homes and businesses was significant, leaving behind a wake of debris and chaos. The Relief Phase of this disaster is quickly ramping down with destroyed

homes being demolished, debris hauled off, roofs tarped, and people finding temporary places to live.

UMC Volunteers have been wonderful and have helped meet with survivors to learn about their needs at the Multiple Agency Resource Center held in the high school, hand out UMCOR blankets, bedding kits, health kits, school and layette kits, tarps and gift cards, plus help with setting up an office, finding furniture, bringing in the shower and tool trailers, and debris clean-up in the community.

Plans are now underway for the long-term recovery phase, a time when case management is done to help survivors find the needed funds to repair and rebuild their homes. On May 6th, Rev. Wayne Handle, pastor of Baxter Springs First United Methodist Church, and other leaders organized an initial meeting at the church to discuss the need for leaders in the Baxter Springs community to form a long-term recovery committee. This group will become a coalition of churches, nonprofits, businesses, and civic organizations, to coordinate benefits and volunteers to help survivors.

As Great Plains United Methodists, we will be a part of that coalition and will continue to share in the leadership, providing spiritual

and emotional care, financial support, and volunteers who will help rebuild and repair.

**Tornadoes hit south central Nebraska:** Beaver Crossing, a town of about 550-600 people, has major damage. The Nebraska Emergency Service coordinator said just about every house in town is damaged to some degree, though they are still trying to come up with numbers. Pastor Tamara Holtz reported the United Methodist Church and the parsonage received extensive damage. The church basement sheltered about 20 people during the storm.

The best thing United Methodists can do for this community is to contribute to the Great Plains Disaster Relief Fund. United Methodists wanting to help can do so through your local church offering plate to the conference disaster response fund, with the number 975 in the memo line, or donate online.

Funds are used to help in times of disaster across the Great Plains Conference.

## Bishop's Bike Challenge

---

### Bishop's Bicycle Challenge

The Bishop's Bicycle Challenge began in 2010 under the leadership of Scott Jones, bishop of the Great Plains United Method-

ist Conference. All funds raised went to support the Wichita Open Door capital campaign for buildings and facilities. To date \$100,000 has been raised! The ride is now headed for its fifth successful year in 2014 on Sat., June 21.

The Bishop's Bicycle Challenge is open to all interested cyclists and offers three different rides: 20-mile ride, 50K ride and a 100K ride. Check-in and final registration for the 2014 Ride starts at 6 a.m. on June 21. Official start time is 7 a.m. However

later starts are welcome until 8 a.m.

All rides start and finish at Andover United Methodist Church, 1429 N. Andover Road, in Andover, KS.

All funds raised through the 2014 Bishop's Bicycle Challenge will support Open Door, which will in turn allow the agency to provide much needed services for years to come. Open Door assists more than 38,000 unduplicated people in need each year.
